# Onyx + Paper

Deep onyx canvas with cream paper as the active second surface. Ochre dawn accent connects warmth across both surfaces. High contrast, never neon.

### The signature move

Roman + italic in the same line. The brand's recognizable typographic gesture is one italicized word nested in an otherwise roman serif headline. Italic = warmth, place, intimacy. Roman = ground. Any application of the wordmark must preserve this roman/italic dialogue.

### Type scale (desktop)

# Horizontal lockup

The primary mark: ridge-line silhouette + vertical divider + wordmark + anchor text. The ridge represents the Andes at sunset as seen from the farm.

## The ridge mark

Two-peak mountain silhouette with ochre sun dot and baseline. Represents the view from Bellavista: the Andes ridgeline at sunset. Always appears at the left of the horizontal lockup, separated by a 1px vertical hairline.

# Rules & clear space

## Minimum sizes

**Digital:** wordmark font-size ≥ 22px. **Print:** wordmark ≥ 72pt (1 inch cap-height).

## Clear space

Maintain a minimum clear zone equal to half the cap-height of the wordmark on all four sides. No other elements, text, or edges should intrude into this zone.

## Tagline

"STAY · PAUSE · CONTEMPLATE" is part of the full lockup. Omit in space-constrained contexts: navigation bars, favicons, embroidery, stamps smaller than 40mm.

# Stay · Pause · Contemplate

Three words that describe the Bellavista experience. Not a slogan — an invitation. They speak to burned-out professionals and remote workers seeking a place to slow down, reconnect with nature, and find clarity in the mountains above Manizales.

## *Stay*

An invitation to sleep in our farm suite. Wake up in the coffee fields. Work from the ridge. Stay for a weekend, a week, a month.

## *Pause*

Pause from your daily, stressful life. Step off the treadmill. Let the rhythm of the farm replace your notifications.

## *Contemplate*

Contemplate the scenery — the sunset, the mountains, the birds. Let the view do what no app can: reset your perspective.

### Brand voice

Editorial, warm, unhurried. Instrument Serif sets the literary tone. Sentences are short and declarative. We speak like a host, not a brand. We say "the farm" not "our property". We say "come see" not "book now".

### Legacy

Bellavista is a family farm. Founded by the current owner's father, it transitioned from traditional commercial coffee to specialty-grade production in 2024. The brand carries this legacy forward — every decision honours the land and the view that gives the farm its name.
